June 24, 1998

Mr. Casey Ross, Geologist  
Grand Central Silver Mines  
P.O. Box 2144  
Beaver, UT 84713

Dear Mr. Ross:

This letter is in regard to the following minerals exploration disturbances located within Beaver County, Utah, on BLM lands administered through this office. The work was applied for, and/or performed by, Centurion Mines Corporation, which has since been dissolved and succeeded by Grand Central Silver Mines:

BLM File #	DOGM Project # (Project Name)	Location	Type of Work
UTU-70017	E/001/071 (Wild Bill, Allen, Lucky Strike, Silver Horn)	Beaver County, Utah T. 28 S., R. 11 W., Sec. 7 T. 28 S., R. 12 W., Secs. 11, 12, 13, 14, & 23	Access Trails and exploration drill holes
UTU-74032 A1, A2, A3	E/001/106 (Blue Mountain)	Beaver County, Utah T. 30 S., R. 14 W., Secs. 23, 24, 25, 26	Access trails and exploration drill holes
UTU-75767	E/001/115 (Blue Mountain South)	Beaver County, Utah T. 31 S., R. 14 W., Sec. 11	Exploration drill holes
UTU-75770	unknown (SRock)	Beaver County, Utah T. 27 S., R. 11 W., Sec. 26	Exploration drill holes

On June 24, 1998, I spoke with you regarding the status of these individual projects and you informed me that the Blue Mountain South and SRock projects were never carried out and the projects have since been abandoned. Accordingly, we will be closing the notices covering these projects effectively immediately. Only a single hole (CBM 97-12) was drilled as part of the Blue Mountain Project and you stated that the remaining work proposed for this project will not be completed. Since the reclamation work for this hole has yet to be completed, we will leave this notice open. Please contact me when the reclamation has been performed; the work will be promptly inspected and, if found satisfactory, the notice closed out. Finally, the exploration work which was carried out under the Wild Bill, Allen, Lucky Strike, and Silver Horn Projects has since been transferred to West Hills Excavating, L.L.C., which has accepted responsibility for the reclamation to be performed. The notice covering these projects will be left open and all future correspondence will be directed to West Hills.

If you have any questions regarding this matter, please contact me directly at (435) 865-3040.

Sincerely,

Ed Glnouves  
Mining Engineer
